## Classics in every nook

A good bookshop is basically like a sweet shop for book lovers. It hits you as soon as you enter: the familiar scent of paper and ink from freshly printed books. The sense of wonder when you go excavating for treasures among timeless classics and new adventures. The joy when you find a cosy corner where you can nestle into a comfy chair with a warm drink. When you begin to turn the pages of your next favourite novel. Like little portals, each book invites us into its own universe. Whether you have a few or a few thousand books, there is always room for one more. And a Book Nook diorama always adds a little extra magic and storytelling to your collection.

## From the LEGO® Icons Design Team

Our Design Team dedicates this model to all book lovers. The two-storey Brickville Books is a snug fit for the third in our series of LEGO® Icons Book Nooks. The owner really fell for the old shop - its spiral staircase, intriguing history and hidden surprises that spark her imagination and draw customers in. She loves the ambience created by the clacks and dings of her vintage typewriter and cash register, complemented by the soft hisses and rich aromas of her brand-new coffee machine. When she's not helping customers or restocking the shelves, she loves being surrounded by her favourite authors. Inspired by them, she has even written her own bestseller, now launching at a major event.
