

MiVueTM Rear Camera Installation Guide

Parts and functions

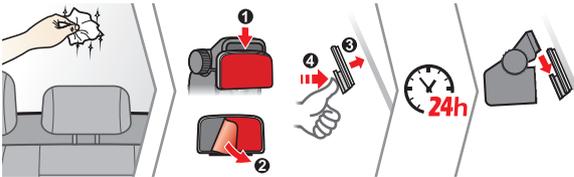

- ❶ Mounting pad
- ❷ Camera lens
- ❸ Fixing bolt
- ❹ Micro-USB connector

Installation and setup

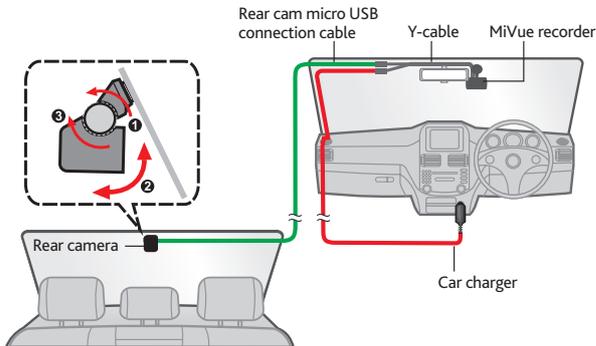

Make sure that your car is parked on level ground. Follow the instructions to securely mount the rear camera into a vehicle.

1

- Before sticking the mounting pad, you are recommended to clean the windscreen with rubbing alcohol.

2

- Route the cables through the top ceiling and the A-pillar so that it does not interfere with driving. Make sure that the cable installation does not interfere with the vehicle's airbags or other safety features.
- When adjusting the angle of mounting make sure that the camera's view is parallel with the level ground and the ground/sky ratio is close to 6/4.

For more information

- The rear camera is designed to work with specific MiVue dash cam models only.
- The EV value of the rear camera can be adjusted independently as it is connected to the specific MiVue dash cam models.

Precautions and notices

- For your own safety, do not operate the controls of the product while driving.
- Make sure that you place the rear camera in an appropriate place, so as not to obstruct the driver's view while driving.
- Make sure that no object is blocking the camera lens and no reflective material is placed near the lens. Please keep the lens clean.
- If the car's windscreen is tinted with a coating it may impact the recording quality.

Caring for your device

Taking good care of your device will ensure trouble-free operation and reduce the risk of damage.

- Keep your device away from excessive moisture and extreme temperatures.
- Avoid exposing your device to direct sunlight or strong ultraviolet light for extended periods of time.
- Do not place anything on top of your device or drop objects on your device.
- Do not drop your device or subject it to severe shock.
- Do not subject your device to sudden and severe temperature changes. This could cause moisture condensation inside the unit, which could damage your device. In the event of moisture condensation, allow the device to dry out completely before use.
- Never clean your device with it powered on. Use a soft, lint-free cloth to wipe the screen and the exterior of your device.
- Never attempt to disassemble, repair or make any modifications to your device. Disassembling, modifying or any attempt to repair could cause damage to your device, may inflict bodily harm or damage to property and will void any warranty.
- Do not store or carry flammable liquids, gases or explosive materials in the same compartment as your device, its parts or accessories.
- To discourage theft do not leave the device and accessories in plain view in an unattended vehicle.
- Overheating may damage the device.

Regulatory information

For regulatory identification purposes, the product is assigned a model number of N489. Hereby, MiTAC declares that this N489 is in compliance with the essential requirements and other relevant provisions of Directive 2014/30/EU. Visit Mio website (www.mio.com) for the full text of the declaration for your device.

WEEE

This product must not be disposed of as normal household waste, in accordance with the EU directive for waste electrical and electronic equipment (WEEE – 2012/19/EU). Instead, it should be disposed of

by returning it to the point of sale, or to a municipal recycling collection point.
